## BIBLE SEARCH

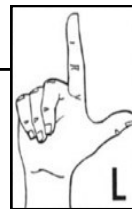

From A-Z I need to search  
 all that's in God's Word,  
 And then store up inside of me  
 the truth that I have heard.

# Love

Daily you should want to grow  
in your ability to love,  
Doing good to others,  
and reflecting God above.

So think about what you can do  
to honor God this day,  
Showing others you love him  
through what you do and say.

L—L—Love

Changes us within

In love God watches over us,  
leading us his way.  
To give him back our love,  
we are to follow and obey.

We show our love for Jesus  
by doing what is right,  
Living by his Word,  
and walking in his light.

God is our heavenly Father,  
whose love will never end.  
Because he loves us dearly,  
to earth his Son did send.

Jesus showed true love for us  
by dying for our sin.  
He made a way that God's great love  
could change us from within.

The more our love for Jesus grows  
the happier we'll be.

We want Christ's love within us  
to be what other people see.

We turn away from self and wrong,  
and focus on what's right.  
In doing so to others,  
we'll reflect Christ's love and light.

We show our love for Jesus  
by treating others well.  
In thinking of what others need,  
we really must excel.

Jesus says that if we're kind  
to the very least of these.  
We reflect the Father's love  
and God we'll truly please.

Through the gift of Jesus,  
the Father's love we find.  
And if we want to love him more,  
on him we set our mind.

We think about the Bible,  
and what is right to do.  
Because God's Word is living,  
trustworthy and true.

Jesus said that love is kind,  
it only wants what's good.  
Love always treats all others  
rightly as it should.

Love is always humble;  
it's never full of pride.  
It shows what's in one's heart,  
the things that lie inside.

Love always chooses what is right;  
it rejects what's wrong.  
To truly live a life of love,  
we to Jesus must belong.

Love is always patient,  
in love we don't get mad.  
Love always chooses what is good,  
it does what makes God glad.
