all that's in God's Word,
And then store up inside of me
the truth that I have heard.

A-Z BIBLE SEARCH

Quietude

So look to God and find the peace
that to you he wants to give,
Then in quietude and rest
you'll be sure to live.

It is only through the Lord your God
that you will find true peace,
And from the worries of this world
you will find release.

What is the quietude God promises?

Q—Q—Quietude

A peaceful place of rest

Q—Q—Quietude

God wants for us what's best

If you focus on the world,
and after stuff do chase,
You will find that you are in
a never-ending race.

You'll miss the peace of God;
You'll find that you are lost.
You have to realize chasing stuff,
will come at quite a cost.

Quietude is when we abide
in a peaceful state of rest.
Quietude God wants for us,
because it is what's best.

In quietude we don't worry,
have no anxiety or fear,
Because we understand our God
is always very near.

God says that if we focus
too much on life on earth,
Then surely we'll miss out on
what is of greater worth.

The things we have on earth,
our souls can't satisfy,
And it will all be left behind
on the day we die.

We don't try to solve our problems
on our very own.
Because we understand to God
everything is known.

We trust in God's om-ni-science,
that he knows everything.
And that an answer to our prayers,
he will surely bring.

God says that he'll take care of us;
He'll provide the things we need,
If we follow after him
and his commandments heed.

He says that for his presence
we should always thirst.
That means we go to him in prayer,
and always seek him first.

God knows the things we're going through;
He knows our every care.
And God is never far away,
because he's everywhere.

God is omnipresent;
There's no place that he can't be.
He is everywhere on earth,
even if him we don't see.

We know that there is nothing
our God he cannot do.
And we can always trust in him
to do what's right and true.

Because God is om-ni-po-tent,
he can change the bad to right.
So we can wait upon him,
trusting in his will and might.
