LESSON 1

THIS WEEK'S BIG QUESTION

How do we become wise?

LESSON RHYME

L—L—Learn

To know all that's true

L—L—Learn

To be right in what we do

This Is the Account of...

Moses was a great prophet who taught God's people about God. Moses wrote the first five books of the Bible to tell us about all the things God said and did. The first book in the Bible is the book of Genesis. Genesis means beginning. In the book of Genesis Moses gives an account of all that happened in the beginning. This year we will be studying the book of Genesis.

From the book of Genesis we will study how God created the heavens and the earth. We will also study history, which is about the things people did long ago. From those stories we learn how we should live and follow God. We will learn what happens when people choose to disobey God and do what's wrong. We will learn what happens to good people when they love and follow God.

The big question for this week is: How do we become wise? From the lesson this week how would you answer that question?

Trace over the letters in the word "Bible" and think about all the things you can learn from it.
