

**What does life need?**

Page 2

Without air and water

there'd be no life upon the earth,

So first God put them in their place

and then to life gave birth.

Water's all around us,

on earth it does abound,

There is water on the mountains,

in the clouds, and on the ground

Page 3

There is water in our bodies  
and in the food we eat.

There is water in our bread  
and even in our meat.

God made lots of water  
as it's something all life needs.

Animals and people  
and the plants that grow from seeds.

Page 4

Air, just like the water,  
we all need to live.

It is a precious gift,  
that God to us did give.

The air surrounds the earth;  
it's clear and can't be seen

The clouds are floating in it,  
fluffy like a dream.

Page 5

Our bodies need the oxygen  
existing in the air.

Our lungs designed to breathe it in  
without a thought or care.

If we could not breathe,  
in minutes we would die.

That's why God gave us air,  
and a beautiful blue sky.

Page 6

Jesus is the living water,

bringing life to men.

Flowing through our hearts

and cleansing us from sin.

Like the water on the earth,

which we drink to live.

We should thirst for Christ,

and the life that he does give.

Page 1

When God created earth

he gathered water in one place,

Dividing water on the earth

from water out in space.

Between the waters was the air,

and so he named it "sky."

It settles round the earth

And goes up very high.

## What does life need?

L—L

Make sign of "L"

Life

Wiggle fingers of hands up in front of body

Needs water,

Make "W" sign with both hands and move in wave

light

Flash fingers out from both hands

Air

Move open hands in opposite directions in front of face

L—L—Life

Same as above

Dependent on

Cross index fingers and move up and down

God's care

Lift arms up in air, bring down, cross arms over body
